TESTIMONIES

Before Chabad arrived in town, I don't think we had events like this [-public Menorah lighting]. Rabbi Engel has really done an incredible job spreading the spirit of Chanukah and other festivals along with so many other positive Jewish values.

Rabbi Engel's classes have deepened my connection to Judaism and spirituality. His warmth and mentorship make Chabad a welcoming home for all. Student events bring Jews together, and friends I invited now keep returning. Chabad House continues to strengthen and unite our community.
